

APPENDIX 10 to LGIP MULTIPARTY AFFECTED SYSTEM STUDY AGREEMENT

THIS AGREEMENT is made and entered into on _____
by and among _____, a _____ organized and
existing under the laws of the State of _____ (Affected System
Interconnection Customer); _____, a _____
organized and existing under the laws of the State of _____ (Affected
System Interconnection Customer); and _____, a _____
organized and existing under the laws of the State of _____ (Transmission
Provider). Affected System Interconnection Customers and Transmission Provider each
may be referred to as a “Party,” or collectively as the “Parties.” When it is not important
to differentiate among them, Affected System Interconnection Customers each may be
referred to as “Affected System Interconnection Customer” or collectively as the “Affected
System Interconnection Customers.”

RECITALS

WHEREAS, Affected System Interconnection Customers are proposing to develop
[description of generating facilities or generating capacity additions to an existing
generating facility], consistent with the interconnection requests submitted by Affected
System Interconnection Customers to [name of host transmission provider], dated
_____, for which [name of host transmission provider] found impacts on
Transmission Provider’s Transmission System; and

WHEREAS, Affected System Interconnection Customers desire to interconnect the
[generating facilities] with [name of host transmission provider]’s transmission system;

NOW, THEREFORE, in consideration of and subject to the mutual covenants
contained herein, the Parties agree as follows:

- 1.0 When used in this Agreement, with initial capitalization, the terms specified shall have the meanings indicated in this LGIP.
- 2.0 Transmission Provider shall coordinate with Affected System Interconnection Customers to perform an Affected System Study consistent with Section 9 of this LGIP.
- 3.0 The scope of the Affected System Study shall be subject to the assumptions set forth in Attachment A to this Agreement.

- 4.0 The Affected System Study will be based upon the technical information provided by Affected System Interconnection Customers and [name of host transmission provider]. Transmission Provider reserves the right to request additional technical information from Affected System Interconnection Customers as may reasonably become necessary consistent with Good Utility Practice during the course of the Affected System Study.
- 5.0 The Affected System Study shall provide the following information:
- identification of any circuit breaker short circuit capability limits exceeded as a result of the interconnection;
identification of any thermal overload or voltage limit violations resulting from the interconnection;
 - identification of any instability or inadequately damped response to system disturbances resulting from the interconnection;
 - non-binding, good faith estimated cost and time required to construct facilities required on Transmission Provider's Transmission System to accommodate the interconnection of the [generating facilities] to the transmission system of the host transmission provider; and
 - description of how such facilities will address the identified short circuit, instability, and power flow issues.
- 6.0 Affected System Interconnection Customers shall each provide a deposit of _____ for performance of the Affected System Study. Upon receipt of the results of the Affected System Study by the Affected System Interconnection Customers, Transmission Provider shall charge, and Affected System Interconnection Customers shall pay, the actual cost of the Affected System Study. Any difference between the deposit and the actual cost of the Affected System Study shall be paid by or refunded to Affected System Interconnection Customers, as appropriate, including interest calculated in accordance with section 35.19a(a)(2) of FERC's regulations.
- 7.0 This Agreement shall include standard miscellaneous terms including, but not limited to, indemnities, representations, disclaimers, warranties, governing law, amendment, execution, waiver, enforceability, and assignment, which reflect best practices in the electric industry, that are consistent with regional practices, Applicable Laws and Regulations, and the organizational nature of each Party. All of these provisions, to the extent practicable, shall be consistent with the provisions of the LGIP.

IN WITNESS THEREOF, the Parties have caused this Agreement to be duly executed by their duly authorized officers or agents on the day and year first above written.
