BOC Level I via Zoom

BEGINS JUNE 6, 2023

GSA Contract Holder
FBPTA-Aligned

Building Operator Certification (BOC®) helps building engineers, maintenance supervisors and others in the skilled trades advance their skills and careers in energy efficient operation of commercial buildings. Studies show that BOC-credentialed facilities staff can save up to \$20,000 in annual utility costs, giving BOC close to a 10 to 1 ratio for savings to investment.

BOC Level I is designed for operators with two or more years of experience in building operation and maintenance who wish to broaden their knowledge of the total building system. Completion of Level I requires a time commitment of 74 hours which includes seven classes, work-site projects, and open-book tests.
