On March 8, 2006, the Commission staff requested that Idaho Power Company clarify apparent inconsistencies between its response to OP-2 and the final license application (see attached e-mail). Staff also requested additional backup data for 1992 and 1994.

On March 13, 2006, Idaho Power clarified the inconsistencies and provided the additional backup data (see attached e-mail).

The excel spreadsheet provided by Idaho Power contains 1992 and 1994 data on operations of the Hells Canyon Project and is filed as NON-PUBLIC information.
