

SCHEDULE 62
GREEN ENERGY PURCHASE
PROGRAM RIDER
(OPTIONAL)

PURPOSE

The Green Energy Purchase Program (the Program) is an optional, voluntary program designed to provide Customers and non-customer participants an opportunity to participate in the purchase of new environmentally friendly "green" energy.

APPLICABILITY

Service under this schedule is applicable to all Customers and non-customer participants who choose to participate in the Program.

RENEWABLE ENERGY

For the purpose of this schedule, renewable energy will be in the form of Renewable Energy Certificates (REC) from new renewable projects as defined by the Center for Resource Solutions Green-e Energy standard. Renewable energy will be sourced from projects located in the Western Electricity Coordinating Council's geographic area of authority with preference given to projects located in Idaho Power's service area and the northwest. Renewable energy types will be primarily wind but may include other certified types such as solar, geothermal, low-impact hydroelectric, landfill gas, and biomass.

PURCHASE

Customer participants will designate one of two billing options upon enrollment. Non-customer participants may participate under Option 1.

Option 1: Block

Block Size: One Block equals 100 kWh of renewable energy

Charge Per Block: \$1.00 per month

Option 2: Total Usage

Customers may purchase renewable energy equal to their monthly usage each month at a price premium of 1.0 cent per billed kWh.

MONTHLY BILL

For a Customer who chooses Option 1, the monthly bill shall be the number of blocks the Customer has agreed to purchase multiplied by the Charge Per Block. For a Customer who chooses Option 2, the monthly bill shall be the Customer's usage, times the price premium per kWh. The monthly bill is in addition to all other charges contained in the Customer's applicable tariff schedule. A non-customer participant who chooses Option 1, will be issued a monthly invoice that reflects their designated fixed dollar per month amount.

SCHEDULE 62
GREEN ENERGY PURCHASE
PROGRAM RIDER
(OPTIONAL)
(Continued)

PROGRAM ADMINISTRATION

No funds collected from the Program Rider may be used for program administration (program management). A portion of the funds may be used to support program communications, participant outreach, and marketing.

QUALIFYING INITIATIVES

In an effort to promote local project development and build awareness of renewable energy, if available, funds collected from the Program Rider but not otherwise required to meet program obligations may be distributed to support renewable demonstration projects at schools located in Idaho Power's service area. Demonstration projects may include renewable generation systems, data monitoring, renewable energy curriculum, and teacher training.

SPECIAL TERMS AND CONDITIONS

Program participants may apply for, or terminate participation from, the Program anytime during the year. The Company may limit availability of the Program subject to available renewable power at the cost incurred under the terms described above.

No electric service disconnections will result in the event of non-payment of program commitments.
