# INCENTIVES FOR OREGON CUSTOMERS

"The LED lighting looks brighter and more natural, a lot less yellow, so people thought more light had been added when we've actually reduced the fixtures by 25%."  
~ Retrofits participant

**Idaho Power's Retrofits offering provides incentives for energy-saving upgrades in existing facilities. These incentives can help businesses save energy, reduce costs and improve employee and customer comfort.**

Program continuation, eligibility requirements and terms and conditions apply. Visit [idahopower.com/retrofits](https://idahopower.com/retrofits) for full details.

## Lighting

MEASURE*	INCENTIVE
LED pin-based	\$0.12 per watt saved
LED tubes (Type A, B and DM)	\$1.50 per foot (ft)
Type C linear replacement lamp	\$0.10 per kilowatt-hour (kWh) saved
LED new fixture or level 2 integrated retrofit kit	\$0.22 per kWh saved
LED new fixture or level 2 integrated retrofit kit with controls	\$0.25 to \$0.31 per kWh saved
LED level 1 basic retrofit kit	\$0.14 per kWh saved
LED level 1 basic retrofit kit with controls	\$0.17 to \$0.23 per kWh saved
LED sign lighting	\$0.20 per kWh saved
LED exit sign	\$40 per fixture

\*Lighting projects must be completed by an Oregon licensed electrical contractor. Other criteria applies.

## HVAC/Controls

MEASURE	INCENTIVE
Air conditioning tune-up >= 3-ton units	\$25 per ton
Economizer repair	\$50 per ton
Air-side economizer	\$100 per ton
Electronically commutated motor (ECM)	\$200 per motor
Hotel/motel control	\$75 per unit
Variable-frequency drive (VFD) on chilled water pumps, condenser water pumps, cooling tower fans, supply, return, outside air and make-up air fans, hot water pumps	\$125 per horsepower (hp)
VFD on potato or onion storage shed ventilation	\$250 per hp
Controls—1 strategy	\$100 per ton
Controls—2 strategies	\$80 or \$150 per ton
Controls—3 strategies	\$100 or \$175 per ton
Controls—4 strategies	\$120 or \$200 per ton
Controls—5 strategies	\$140 or \$225 per ton

## Building Shell

MEASURE	INCENTIVE
Reflective roof treatment**	\$0.05 per ft <sup>2</sup>
Wall insulation*	\$0.40 or 0.55 per ft <sup>2</sup>

\*Available for buildings with electric heat.

\*\*Available for buildings with central mechanical air conditioning.

## Pool Covers

MEASURE	INCENTIVE
Pool cover	\$2 per ft <sup>2</sup>

## Food Service

MEASURE	INCENTIVE
Auto-closer: low-temp, walk-in	\$400 per door
Automatic high-speed door	\$25 to \$100 per ft <sup>2</sup> of door opening
Strip curtain	\$5 per ft <sup>2</sup> of door opening
ENERGY STAR® electric combination oven	\$800 per unit
ENERGY STAR electric steamer	\$30 per pan
ENERGY STAR commercial ice machine >= 200 lbs/day	\$300 per unit
On-demand overwrapper	\$100 per unit
VFD on kitchen exhaust or makeup air fan	\$250 per hp
Refrigerated case doors: med-temp	\$130 per linear ft

## Compressed Air

MEASURE	INCENTIVE
Air compressor VFD <200 hp	\$200 per hp
Low-pressure drop filter	\$10 per hp
No-loss condensate drain	\$200 per unit
Efficient compressed-air nozzle	\$80 per unit

## Laundry

MEASURE	INCENTIVE
ENERGY STAR washer*	\$200 per washer

\*Must be paired with an electric dryer

## Dairy

MEASURE	INCENTIVE
VFD on milking vacuum pump	\$250 per hp
VFD on dairy milk transfer pump	\$1,500 per VFD

## Motor

MEASURE	INCENTIVE
Wall- or engine-mounted engine block heater control	\$100 or \$150 per unit
Notched V-belt	\$5 per hp (max \$50 per motor)
High-efficiency battery charger for forklifts	\$200 per unit

## Fans

MEASURE	INCENTIVE
High-volume, low-speed fan	\$2,000 per fan

# HOW TO PARTICIPATE

Program requirements apply. For full participation instructions and detailed program requirements, visit [idahopower.com/retrofits](https://idahopower.com/retrofits).

## Pre-approval Application Process

Pre-approval is needed for projects with estimated incentives of \$2,000 or more and projects with LLLC and networked lighting controls. Obtain pre-approval from Idaho Power before the project begins.

1. Complete the lighting tool or non-lighting application and worksheets.
2. Print out application and obtain customer signature/date.
3. Gather manufacturer specification sheets for equipment to be installed.
4. Submit to [lighting@idahopower.com](mailto:lighting@idahopower.com) or [retrofit@idahopower.com](mailto:retrofit@idahopower.com) (for non-lighting projects).
5. Idaho Power will send pre-approval via email.

## Payment Application Process

1. Complete or update the lighting tool or non-lighting application and worksheets.
2. Print out application and obtain customer signature/date.
3. Gather invoices.
4. For projects not requiring pre-approval, submit manufacturer specification sheets for installed equipment.
5. Submit the above to [lighting@idahopower.com](mailto:lighting@idahopower.com) or [retrofit@idahopower.com](mailto:retrofit@idahopower.com) (for non-lighting projects).
6. Idaho Power reviews the submitted paperwork and processes incentive payment.

**NOTE:** Idaho Power reserves the right to perform a site inspection. You or your contractor will be notified if your project is selected for inspection.

P.O. Box 70  
1221 W. Idaho St.
