(208) 388-6911 (FAX)
cjones@idahopower.com

August 20, 2001

Dear CT Participant:

This letter is being sent to update you of recent changes to the CT meetings scheduled for this fall. First, we will not be conducting a CT meeting in September. We will, however, be holding a meeting on October 17.

The work groups are currently working through study impacts and potential PM&E measures. While progress is being made, more work remains to present meaningful information to the CT. The October meeting will cover work group progress reports and an overview of how the Resource Management Plan is synthesizing information developed in the work groups. We are also tentatively planning a public meeting for the evening of October 17.

We will provide more detail about the upcoming meeting as it approaches. Please call me with any questions in the meantime.

Sincerely,

A handwritten signature in black ink, appearing to read "Craig Jones", with a long horizontal line extending to the right.

Craig Jones
Hells Canyon Relicensing Project Manager
